

Subject name							
1st quarter		2nd quarter		3rd quarter		4th quarter	
Aug. 21	Getting to Know You	Oct. 21		Jan. 7		March 9	
22	Oreo Lab	22		8		10	
23	Interactive Notebook Set-UP	23		9		11	
26		24		10		12	
27	Weather in the Atmosphere	25		13		13	Earth's Surface Systems
28		28		14		23	
29		29		15		24	
30		30		16	Cell Processes &Energy	25	
Sept. 3		31	Energy	17	What is photosynthesis?	26	
4		Nov. 1	What is energy?	21	What is cellular respiration?	27	
5		4	What are forms of energy?	22	Cell Division	30	
6		5	What is energy transformation and	23		31	
9		6	conservation?	24		April 1	Plate Tectonics
10	Energy in the Atmosphere and	7		27		2	
11	Ocean	8		28		3	
12		11	Magnetism & Electromagnetism	29	Intro to Human Body	6	
13		12	What is magnetism?	30	How is the body organized?	7	
16		13	What are magnetic fields?	31	What are the systems interactions?	8	
17		14	What is electromagnetic force?	Feb 3	What is homeostasis?	9	
18		15	Electricity, magnetism and Motion	4	Skeletal System	14	
19		18	Electricity from magnetism	5	Muscular System	15	
20		19		6	The Skin	16	
23		20		7		17	
24	Lutherhoma sixth grade camp	21		10		20	
25	Lutherhoma 6th grade camp	22		11		21	
26	Lutherhoma 6th grade camp	25		12		22	
27	Enrichment Day	26	Intro to Living Things	13		23	
30	Solids, Liquids and Gases	Dec. 2	What is life?	14		24	
Oct. 1		3	How is life classified?	17		27	History of the Earth
2	What are states of matter?	4	What are domains and kingdoms?	18		28	
3	What are chances of state?	5	What is evolution and classification?	19		29	
4	What is the behavior of gas?	6		20		30	
7		9		21		May 1	
8		10		24		4	
9		11		25		5	
10		12		26		6	

11		13	Intro to Cells	27		7	
14		16	Discovering Cells	28		8	
15		17	What do cells look like inside?	March 2		11	
16		18	What are the chemical compounds	3		12	
		19	in cells?	4		13	
		20		5	Minerals and Rocks in the	14	
				6	Geosphere	15	
						18	
						19	
						20	
						21
